**2. Is AHIP required as part of or in addition to the Miramar appointment process?**

- a. Yes, AHIP is part of the Miramar/Appointment process. There is also an option to take an equivalent certification but will cost the agent \$99. During the appointment process, Miramar will simply ask for an AHIP certificate verifying that they completed the training. Agents need to upload their AHIP certificate and then they can move to the next step in the appointment process. Do not use special characters when naming your AHIP.

**3. How long is the appointment process?**

- a. This varies depending on how fast an agent can complete the training modules and test. On average an agent takes 3-5 business days.

**4. I finished my training and exams. Can I start selling right away?**

- a. You are **not** allowed to sell or market Clover Health plans until you have received an email stating you are appointed (even if you already completed all training). This email may take 2-5 days, as uploaded documentations must be verified by DOI and NIPR.

**5. How many attempts do I have to pass the Product Certification Program?**

- a. You have 3 attempts to pass each of the assessments. The Program instructions state that once the agent accesses the exam module, it is counted as an attempt. You must have an 85% or higher, or the agent cannot become certified. The training module is locked during an exam. If the agent fails the exam, the training module is unlocked so the agent can review the material before another attempt.

**IMPORTANT TO KNOW:**

Please check Clover’s FAQ of the [For Brokers](#) section of the website for the most up-to-date guidelines on Agency Transfers.

- Once an Agent becomes RTS under an Agency, the Agent may not change uplines until January 1st.

- Clover's blackout period is from October 1st to December 31st. Agents may not move during this period.
- Agents may only change uplines one time per calendar year.
